<b>Architect</b>	Smith Madden
<b>Builder</b>	Inscope Solutions Pty Ltd
<b>Status</b>	Completed 2005

### About

This project involved the fitout of the new Australasian Headquarters for the multinational Gartner Group over a number of levels in North Sydney.

The project had a number of high quality finishes and close co-ordination was required between the designers and the subcontractors to ensure that the completed product achieved the high quality finish that was required.

The project was completed on time and within budget.
